

Does Mr. Bush have stock in LPFM?? LPFM cannot replace what K-Love has done for myself, family and community. I have witnessed individuals overcome drugs of all kinds, loneliness, depression, suicide and more; simply because of the effect and commitment K-Love has on their lives. Please do not destroy our freedoms for corporate LPFM. I do not want to live like Russia or what Germany was during WWII. Please do not introduce LPFM, it is oppressive.
